

BATHROOM READER

Vol. 1:no.6 April 16-30, 2004

Tribute to a native

Son. Senator Gaylord Nelson from Wisconsin, founder of

EARTH DAY

in 1970. This year we celebrate on April 22, the same date as the original Earth Day. More than 20 million people celebrated the first time on April 22, 1970. What are you going to do to celebrate this year?

National Library Week April 18-24

If you haven't visited your library at **UW-Fox Valley**, come and explore. There are new displays, new databases, and new computers in the Library Lab. And what about

NEW BOOKS!

Check out the latest books in the New Books alcove. Hot topics, hot titles and some "Just for Fun" reads in the Browsing Collection.

RECYCLING IS THE RIGHT THING TO DO!

According to the Wisconsin Dept. of Natural Resources, 97% of Wisconsin residents say recycling is a regular part of their lives.

Since 1995, **40%** of Wisconsin's municipal solid waste --1.6 million tons --has been recycled instead of going to a landfill. The national average is only **27%**.

Saving the Earth!

- 1) Recycle aluminum cans because the energy of making one can run your TV for 3 hours. It takes 200 to 500 years for an aluminum can to decompose in a landfill!
- 2) Plant a tree—National Arbor Day is April 30, 2004.
- 3) Buy recycled products like sweatshirts and other clothing made out of old plastic pop bottles.

HOLOCAUST

REMEMBRANCE DAY

Holocaust Remembrance Day is April 29, 2004. See the UW-Fox Valley Calendar for special events here on campus.

April is National Poetry Month, so check out the online database, **Columbia Granger's World of Poetry** for over 13,000 poems. Available from the "All E-Resources" page of the UW-Fox Valley Library Web Page or **ASK A LIBRARIAN!**

OOPS! The price of the jet fuel from the last issue was \$143,212.50. Editor is abashed! Snickers Bar goes to Tom F.
