

Bathroom Reader

Volume 10, Issue 5

April 1-15, 2009

It's A Puzzle!

Need a break from the monotony of school work? Need a stress reliever between classes? Starting the first week of April, come into the library and work on a large group puzzle project. The library will feature two group puzzles during the month of April and they will be available for anyone to work on anytime the library is open until they are finished. The first puzzle theme will be on Fairytales while the second theme will be the Color of Money.

UW Fox Open House

Tuesday April 14

5:00 to 7:00 pm

Come and look closer at what UW Fox has to offer!

E-Resource of the Week: *CQ Researcher*

This E-resource is recommended for up-to-date, critical analysis on current issues in the news. It provides unbiased coverage of health, social trends, criminal justice, international affairs, education, the environment, technology, and the economy. It offers reports starting in 1991 and .pdf reports are available since January 1996.

Need help? Ask a Librarian!

Did You Know...

- The average number of years of an economic slump before the economy grows again is 2 years.
- The price of a genetic test of a child for sports aptitude is \$149.
- The average number of text messages sent or received a month by American teenagers is 1,956.
- The ratio of the number of 10th graders in the United States who smoke marijuana to the number who smoke cigarettes is 11:10.

Very Interesting

According to a report in *Discover* (January 2009):

1. Each year in the United States, almost \$50 billion is spent on diet programs.
2. Researchers found that reducing saturated fat intake to 10% of calories will only prolong your life by a few months.
3. The brain is about 70% fat.
4. People who lost 10% of their weight found considerable improvement in sex.
