## Rules and Ethical Standards for Student Elections

- 1.) Any violation of campaign rules will be brought to the attention of the election committee and the Student Senate, and will be voted upon after a total of 48 hours notice after the accusation has been made.
- 2.) No tearing down or defacing other competitors campaigning materials.
- 3.) Do not hang up or display campaigning materials within 50 feet of polling place.  

Note- Tape will be put in place on floor to mark the extent of campaigning zones.
- 4.) One poster per board, no obscenely large posters (i.e. Taking up a quarter of space on a board), and campaign posters must be approved by Communications director before being posted.
- 5.) Hand held materials aka. Pamphlets, letters, etc. do not violate the 50 foot no campaigning rule if held and carried by a student that is not actively participating in advertising for said candidate. However, if materials are left at the polling station, the poll workers must throw them away.  

Example- A student was given a can of soda with a piece of paper attached saying "Vote for Candidate Bob", if student takes said can to polling station, votes, and then takes the can with them, that does not violate the campaign rules that candidates must abide.
- 6.) No attacks on another candidate's character or personal lifestyle will be tolerated, and cannot be expressed in campaign materials, speeches, or debates towards the student body.
- 7.) Students while working at the polling location cannot express favoritism to any one particular candidate(s) nor suggest to any student for whom to vote for even if asked for an opinion on the candidates in question.
- 8.) Executive Positions require a minimum of 75 votes and Senators require a minimum of 20 votes in order to be elected.
- 9.) Executives must have and maintain a cumulative 2.5 GPA, while Senators must maintain a cumulative 2.0 GPA.
- 10.) Any campaign rules set in the Constitution and its bylaws will also be followed as well as these.

By signing this document I promise to follow the Rules and Ethical standards set forward by the Student Association during this election process and understand that if I break or ignore any of these requirements for campaigning that I will suffer disqualification as a candidate and my name will be taken from the Ballot.
