

## Plexus Corp. Women in Engineering Scholarship

Plexus is unique within the fast growing Electronic Manufacturing Services (EMS) industry. With more than 25 years experience in turning our customers' concepts into world-class products, Plexus provides end-to-end product design, test, manufacturing, fulfillment and aftermarket solutions to branded product vendors in the Medical, Wireless Infrastructure, Wireline/Networking, Defense/Security/Aerospace and Industrial/Commercial industries.

For further information visit [www.plexus.com](http://www.plexus.com)

- ❖ Two \$2,000 scholarships will be awarded for the next school year.
- ❖ Application deadline is **April 1**. (Late applications will not be considered.)
- ❖ A current unofficial UW-Platteville transcript and degree checklist showing plan for degree completion must be attached to this form.
- ❖ Submit the completed form, transcript, and checklist to Fox Valley Engineering Program Manager or Student Services Coordinator.

### Requirements

1. The recipient should be a full or part-time female student with academic standing as a junior.
2. Seek a professional, baccalaureate degree in electrical engineering.
3. Maintain a cumulative grade point average of 3.4 or higher per academic year.
4. Reside in Wisconsin with a permanent address located in the general Fox Cities area.
5. Complete a scholarship report form available in the UW-Fox Student Financial Services Dept.

In accepting a Plexus Corp. Annual Scholarship, the recipient may have the opportunity to:

1. Participate, if eligible, in a compensated internship with Plexus Corp. after the successful completion of junior year.
2. Serve as a Plexus Corp. campus liaison as schedule permits and attend selected professional and social functions as the Plexus Corp. Scholar.
3. Consider full-time employment with Plexus Corp. following graduation.
