LETTERS TO THE EDITOR

Tom Parker unfairly persecuted by newspaper

The former principal at West High School, Tom Parker, was unfairly persecuted in your article.

He is a very nice man and must have been going through a lot of problems.

It is not just that any person not only goes through this horrible ordeal, but then have their personal problems shared with everyone.

Tom Parker was a man who had some problems, but did not need to be disgraced.

If you were to have some problems with the law and then lost your job because of it, you would have enough weighing on your shoulders then to have an account of all this in your local newspaper.

Winnebago has not fully supported UW-Fox Valley

The Winnebago County Board, historically has not been fully supportive of UW-Fox Valley, particularly when it comes to paying its share of costs.

Given that UW-Oshkosh is available at Oshkosh, one might wonder why Winnebago County has any participation in funding UW-Fox Valley at all.

Although the majority of students are from Outagamie County there are students from Winnebago County and other counties who choose UW-Fox.

I asked a student from Oshkosh why he chose to attend at UW-Fox instead of at UW-Oshkosh. He said that it was much cheaper for him. He is not getting scholarship money.

He also likes the smaller class sizes and the available help from professors. He knows the courses here will transfer.

I might add also there is a convenient day care center, availability of computers, convenient and free parking.

Celebration of Lights an enjoyable attraction

I just wanted to take the time to send out our thank you to (Oshkosh Parks Director)

Tom Stephany and his crew for an outstanding light show at Menominee Park.

We went through Christmas Night and couldn't have been more pleased with what the city has done to make one more part of Christmas enjoyable. We both laughed out loud at the ice fisherman display.

Thieves take some of the joy out of holiday

For many years I start off the season with lights, nativity scene, Santas, blow ups and much much more, all set up for the public to enjoy.

This year I woke up Dec. 26 and found that my 17-inch baby Jesus had been stolen.

I will say it's not a real big deal to most, but to my 7-year-old daughter it will hurt. She with care helps set it out every year, well next year that might not happen.

I want to thank whom ever took it and hope you seek the help you truly need.
